

MY GREATEST CHRISTMAS EVER

*God's Word makes it clear we should not try to communicate
with those who have crossed over into eternity.*

*But to imagine what a loved one
who has received and served Christ and is now experiencing the glory of Heaven
might want to say to us seems somehow comforting.*

I'm having my greatest Christmas ever!
I'm so glad I accepted God's gift of grace
That leads to eternal life in Heaven.
I could never have dreamed what it's like in this place!

I know that your heart must have a deep hurt,
But God's comfort can give your heart a lift.
I know I am missed as you celebrate Christmas,
But focus on Jesus, God's incredible gift.

I recall how I loved to hear choirs at Christmas
And gaze at the trees, with their twinkling lights,
But no choir on earth can compare to the angels
And no lights to the brightness of this paradise.

So no matter what trials you may face on earth,
Don't forget life on earth is but for a short time.
To follow Christ faithfully is so worth it.
I hope to see you here, in this place so divine.
